THE 5th WORKSHOP
"COMPLEX GEOMETRY AND LIE GROUPS"

Florence, Italy, June 11-15, 2018

The 5th workshop on Complex Geometry and Lie Groups takes place at the University of Florence, Italy, from the 11th to the 15th of June 2018.

This meeting is a continuation of the previous workshops: Niigata (2007), Yuzawa (2010), Torino (2014), Nara-Osaka (2016), covering topics in the fields of Complex Differential Geometry, focusing on Lie groups, homogeneous spaces, and complex geometric structures such as Kähler, Sasaki, symplectic, locally conformally Kähler structures, along with complex moduli spaces and generalized complex structures.

Plenary speakers

D. Angella, Università di Firenze
V. Cortés, Universität Hamburg
J. Dorfmeister, Technische Universität München
M. Guest, Waseda University
J.-M. Hwang, Korea Institute for Advanced Study
R. Kobayashi, Nagoya University
T. Mochizuki, Kyoto University
Y. Namikawa, Kyoto University
Y. Ohnita, Osaka City University
T. Pacini, Università di Torino
Y. S. Poon, UC Riverside
Y. Sakane, Osaka University
U. Semmelmann, Universität Stuttgart
L. Ugarte, Universidad de Zaragoza
L. Verdiani, Università di Firenze

Scientific Committee

A. Fino, R. Goto, K. Hasegawa, F. Podestà, M. Pontecorvo
